

Inkaterra La Casona, Inkaterra Hacienda Urubamba Hotel and Inkaterra Hacienda Concepción join National Geographic Society's Unique Lodges of the World

**W**e are delighted to announce that three of our luxury lodges have joined **Inkaterra Machu Picchu Pueblo Hotel** in the National Geographic Society's shortlist of world-class travel experiences; "National Geographic Unique Lodges of the World". The portfolio showcases a prestigious collection of boutique hotels, in remarkable destinations around the world.

Showing a commitment to sustainability, authenticity and excellence, **Inkaterra La Casona**, **Inkaterra Hacienda Urubamba Hotel** and **Inkaterra Hacienda Concepción** are among 14 unique lodges to be added to the portfolio this month and will join **Inkaterra Machu Picchu Pueblo Hotel**, one of the 24 founding properties announced in January this year. Each lodge is selected through a rigorous evaluation process, judged on guest experience, quality of service and sustainable tourism practise – offering outstanding guest experiences whilst supporting the

protection of cultural and natural heritage.

We're proud to represent these qualities throughout our hotels; from the interiors of **Inkaterra Hacienda Urubamba** inspired by the Sacred Valley's cultural history, to the Peruvian architecture and native textiles of **Inkaterra La Casona**.
