## RESERVA AMAZÓNICA

TAMBOPATA - PERÚ

Remote, yet accessible by canoe, Inkaterra Reserva Amazonica is located on Peru's meandering Madre de Dios River. Ecotourism activities are based on research for nature conservation, including the Inkaterra Canopy Walkway and birdwatching excursions to spot many of the 540 bird species registered within property.

WATCH VIDEO

Located at km 15 on the left bank of the Madre de Dios River

- Direct flight from Lima to Puerto Maldonado (1h and 40min.)
- Direct flight from Cusco to Puerto Maldonado (1h)
- 45 minutes navigating down river by motorized canoe from the port of Puerto Maldonado

“Expect enthralling wildlife adventures both by foot and by motorized canoe—have your cameras ready for sloths dangling from treetops and squirrel monkeys hamming it up for the lens—and count on having all the creature comforts you’d expect from a top-tier safari lodge.”

“Inkaterra Reserva Amazonica, Peru: If you can't climb a tree-sleep among some. Spend the night at Inkaterra Canopy Treehouse, built on a platform 73 feet above the Peruvian amazon. Remotely situated and rustic, but luxuriously appointed, this cabana comes with staff, ensconced below-and a ground level escape hut for those with second thoughts. After your chef serves dinner, sit back to gander at the sky's spectacle. In the morning, prepare to enjoy the resort's many amenities”

ARCHITECTURALDIGEST.com— by Becca Hensley

Utter seclusion amidst the splendor of the Peruvian South Eastern Amazon. Built on a private platform and adjoining the famous Canopy Walkway at some 90-ft. (27-mt.) above the lush jungle floor. The Tree House has 2 beds, lavatory, portable toilet, lantern and limited light, windows with removable mosquito netting as well as a drop leaf table with wooden folding chairs.

**\*ADDITIONAL COST**

A table set for a night dinner and cocktails at sunset. The table is covered with a white tablecloth and features a silver cooler with several bottles of drinks, two glasses of champagne, a green teapot, and a pair of binoculars. The background shows a wooden railing and a dense forest of trees illuminated by the warm light of the setting sun.

After your canopy tour, enjoy a night light dinner and cocktails at sunset, and wake up to the sounds of birds, to enjoy a high energy breakfast on top of the rainforest. The room is equipped with a cooler full of drinks and ice water for guests convenience.

# ALTITUDE INDEX

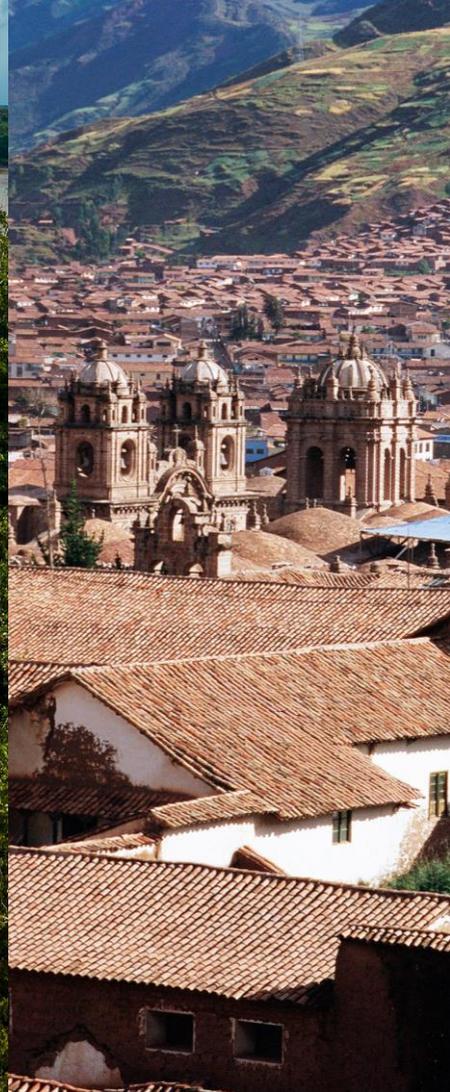

Self-financed via ecotourism, NGO Inkaterra Asociación (ITA) performs scientific research since 1978 to define natural areas where Inkaterra hotels are established.

Inventories on flora and fauna set a benchmark to compare the brand's future impact. A total of 814 bird species, 365 ant species (world record sponsored by Harvard Professor E.O. Wilson), 313 butterfly species, 100 mammal species and 1266 vascular plant species have been registered within hotel grounds and surroundings, as 28 species new to science have been described: 20 orchids, 5 amphibians, 1 butterfly, 2 bromeliads and 1 tropical vine.
