

The Andean Spectacled Bear Programme

Here at **Inkaterra**, we've got something to ROAR about; we're delighted to announce an exciting new offering at Inkaterra Machu Picchu Pueblo Hotel, offering our guests a unique insight into the day-to-day existence of the real life Paddington Bears.

With next year set to mark the 60th anniversary of the internationally loved Peruvian bear, we are celebrating the Michael Bond classic with the launch of our new Andean Spectacled Bear Programme.

Families and Paddington Bear fans alike, can enjoy a three-night programme where they can get up close and personal with the real life Paddington Bear at our Inkaterra Spectacled Bear Project. Shadowing an Inkaterra Explorer Guide and expert Bear Keeper, guests will visit the rehabilitation centre, captivity and semi-liberty areas. Not only can they can learn more about the project, but they can also assist our keepers with the cleaning, monitoring and feeding of the bears - sadly, no marmalade sandwiches allowed!

We will also be providing our guests with a bear-friendly welcome pack, containing a greeting from our founder, Jose Koechlin. We are also including a copy of "Coco, The Andean Bear" story and a special one Sol coin, uniquely engraved with an Andean Bear from the

Inkaterra Spectacled Bear Project in a bid to raise awareness around the endangered species in Peru.

For the little ones, the Inkaterra Explorer Kit will educate them on the wonders of the Andean Cloud forest and inspire them to embark on an adventure, just like Paddington Bear.

The Andean Bear package cost starts from US\$1,365, price per guest based on double occupancy and includes three nights at Inkaterra Machu Picchu Pueblo Hotel with breakfast, lunch, dinner and tea time. A three hour guided tour of Machu Picchu citadel with a certified bilingual Inkaterra Explorer Guide and welcome kit are also included.
