

INKATERRA: GUESTS' PERSPECTIVES

Explorers who delve into the Machu Picchu cloud forest will find a secluded Andean village-like hotel with 83 whitewashed adobe casitas nestled amongst the foliage, also known as [Inkaterra Machu Picchu Pueblo Hotel](#). It isn't just the songs of the birds that can be found chattering in the treetops but the excited whispers of guests sharing tales of their Inkaterra adventures. The guest experience is an integral part for us too and we love to hear your kind words. Here is a selection of lovely comments from our guests at Inkaterra Machu Picchu Pueblo Hotel that we are delighted to have received so far this year.

Truly the most relaxing, beautiful resort. A slice of heaven we long to return to in the future.
