INSTAGRAMMERS OF INKATERRA

This year we have been visited by guests from all over the world, and at Inkaterra we love to hear, see and listen to our guests' one-of-a-kind experiences during a visit to the beautiful and diverse country of Peru.

From the breathtaking landscape at Inkaterra Machu Picchu Pueblo Hotel, in the Andes, to the wide variety of wildlife sightings at Inkaterra Reserva Amazónica, in the Amazon Rainforest of South Eastern Peru, we have been inundated with numerous stunning photographs and videos shared by our guests on Instagram. We wish we could share all of them with you but this post would be never ending! So here are a few of our favourites from the year so far:

Meet Josie! The semi-wild Andean bear (aka spectacled Bear b/c the yellow markings around their eyes resemble glasses). Josie came to the [@inkaterrahotels](#) Spectacled Bear Project as a circus bear and was def not living her best life. Thankfully she was rescued and lives this semi-wild life in the stunning cloud forests of Peru right next to Machu Picchu! She can't be released fully in to the wild but trust me, this is def the next best thing and she has a very happy life in a very open space. She still remembers some of her old tricks like opening water bottles and as long as these tasks are done so on her terms and associated with only positive reinforcement then that's a good thing. The benefit to her opening her special drink is not only that she enjoys it but that was how I was able to give her medical supplements! FYI Josie's "juice" was coconut milk + fruit juice + a multivitamin formula.

I hope you guys can see more of Josie tonight on the season finale of [#EvanGoesWild](#) on [@animalplanet](#) at 9p E/P! And you can also watch on the Animal Planet GO app, Hulu, and the link in my bio. The more of you that watch means the better chance we have of getting season 2 full of more opportunities to help wildlife and animals around the world! [#andean](#) [#spectacled](#) [#bear](#) [#peru](#) [#wildlife](#) [#conservation](#) 🐻

On location in the Sacred Valley with [@inkaterrahotels](#) shooting (and enjoying!) their delicious new spa. Nestled into the Andean mountains and surrounded by birds, agriculture and the starriest nights - it's a dream to partner with a hotel committed to working with the environment and developing sustainable tourism (more on this soon!).

Plenty of pinch me moments happened here. Swipe to see the twilight view from the heated pool...

El canopy es muy popular en los bosques porque se tiene arboles de mas 100 metros que pueden soportar el peso de varias personas y se pueda transitar a travez de estos gigantes en plena selva, un deleite para no perderse en estos lugares

The canopy is very popular in the forests because you have trees of more than 100 meters that can support the weight of several people and you can travel through these giants in the jungle, a delight not to get lost in these places

Sunset in the jungle 🌅

this was the most beautiful sunset I have ever seen. In one of our night excursion to see river animals at [@inkaterrahotels](#), we were gliding on the river and as the sun went down there was this feeling that the jungle was about to change completely. It was going to be nighttime now, everything was moving, monkeys were jumping around to find a place to sleep, capybaras were on the river banks trying to find food, and you could spot the caimans eyes on the river banks as they were ready to jump on their prey for dinner. But along with this I couldn't stop looking up as a million stars were starting to show up in the sky completely mesmerising experience

Nowhere else in the world could you see the stars so well

Wherever I lay my hat... And this one is at Inkaterra Hacienda Urubamba in the Sacred Valley of the Incas.

Inkaterra is a collection of hotels and lodges found throughout Peru, from the Amazon rainforest to Machu Picchu cloudforest offering one of the best ecotourism experiences to travellers.

Tourism alongside conservation, education and community wellbeing has

been their philosophy since 1975 🌿🌸🌿 .

Exploring the amazon rainforest with [@inkaterrahotels](#) . The best thing about Peru has been the variety of landscapes. In a week we have gone from a bustling city to the desert to the mountains to the jungle. .

Next, the beautifully restored [@inkaterrahotels](#) in Cusco is the perfect example of a heritage hotel that's playing a vital role in protecting its stunning local culture, environment and wildlife by supporting scientific research to protect the Andes and Amazonian jungle and working closely with local organizations.

Behind another discrete ancient door 🚪 in Cusco PE you'll find Inkaterra La Casona @inkaterrahotels which is my personal favorite boutique hotel 🏡 here. With only 11 suites all perfectly renovated and now protected by historians as it once was the home of Libertador Simon Bolivar. It's part of Relais & Chateaux @relaischateaux and once you step inside you'll see it's very close to perfection 🏰. Flip and see for yourself and let me know what you think . #cusco #inkaterra #imperialcity #peru #relaischateaux #beautifulhotels #inca #luxuryhotel

This is a small selection of the wonderful photos that have been shared with us. We are always delighted to see that our visitors are keen to post their individual perspectives of our properties with us and their followers.

If you're planning to visit Inkaterra this year, be sure to explore our blog and create your perfect trip by reading our [Peruvian bucket list](#). You can also find out exactly what treatments you can try at [ENA Spa](#) or at any of our Spas and discover some of the nature activities and excursions offered throughout the [evening](#) at each Inkaterra property.

Make sure to tag @Inkaterrahotels to share your adventures with us and if you ever find yourself daydreaming of Inkaterra, be sure to search #Inkaterra and @inkaterrahotels to fulfill your Peruvian wanderlust...

For more information on Inkaterra, visit [our website](#).
