Hike the Lares Route to Machu Picchu

Discover the cultural route to Machu Picchu on a seven-day, lodge-to-lodge trek with **Mountain Lodges of Peru**. Weave through seldom-traveled highland trails of the Lares route, where exquisite snow-capped peaks of the Andes range will surround you. Along the route, stop in local communities to learn the art of making Andean tapestries before enjoying a traditional *pachamanca* meal, a feast made from cooking meat and vegetables below a layer of stone within the earth's surface. When you finally arrive to Machu Picchu—the famed ancient citadel tucked within a cloud forest—rest in the comfort of **Inkaterra Machu Picchu Pueblo Hotel**, a property decorated with terraced hills and 83 whitewashed adobe casitas.
